SWASTIK CLASSES

Achieve your dreams!

We at Swastik Classes strive to nurture student's minds & give them the confidence to make them ready to face any challenge in life.

Both of our Founders, being IIT Delhi Alumni, believe in the sole purpose to genuinely cater to, and help all students not just in cracking an Entrance Exam, but also to excel lifelong. We are blessed that our students have shown indelible faith in us, and have exhibited such passion to achieve their goals with us. This has not only helped our Students secure exemplary ranks in IIT and various competitive exams but has also shown the trust that is placed by the country in Swastik's pedagogy, emboldened our belief that we are here to exist for the good!

A WORD FROM OUR FOUNDERS

*"Dream is not something which you see while sleeping,
it is something which doesn't let you sleep."*

- A.P.J Abdul Kalam

We met each other when we were at IIT & something bonded us so strongly that our friends used to call us 'Brothers from different mothers'. We shared a belief that any student who comes in our contact should GROW in their life. By the time we passed out from our IITs, we had successfully set up a leading institute.

We've seen Swastik emerge as a leading institute in the region, setting new benchmarks of selection rate in every competitive examination that our students appeared in. Our teaching methodology acknowledges the fact that every child is unique with his/her specific need for guidance and thus ensures that personalized attention is given to students when building on their knowledge base.

We strive to override our own achievements year after year by virtue of our sheer hard work and commitment. As Alfred Mercier once said,

"What we learn with pleasure, we never forget."

We at Swastik Classes, ensure that learning at Swastik is as much fun as possible & we impart the magic of our subjects, like no else.

Graduated with a **B.Tech.** in Computer Science. A genius right from the start, he secured an **AIR 15** in IIT-JEE. He has **experience of 15+ years in teaching** and **counseling JEE aspirants**, and he specializes in Physics and Mathematics.

Shobhit Bhaiya (IIT Delhi Alumnus)

Graduated with a **B.Tech.** Major in Textile Technology and Minor in Computer Science. Alok bhaiya has **dedicated 15+ years to teaching** and **counseling JEE aspirants**. He specializes in Chemistry and Mathematics.

Alok Bhaiya (IIT Delhi Alumnus)

WHY SWASTIK CLASSES?

THE **LEAP** PHILOSOPHY

L

The Never-ending Process of **LEARNING**

We at Swastik Classes believe Knowledge knows no bounds and so is a child's ability to learn, improve, and excel. We emphasize the process of learning rather than mugging up concepts. We are a sea full of knowledge and all you have to do is take a deep dive into it, to come out edified. We understand the importance of asking questions and thus our pedagogy focuses on strengthening the student's reasoning ability and honing their creative thinking.

E

Unparalleled **EFFORTS** by us

We believe that the Faculty plays a pivotal role in shaping students' careers. All our teachers have a highly strong academic background, having secured top ranks in IIT/relevant exams of their field of teaching, and also have immense experience in shaping students' careers. For our faculty, students are family and they, therefore, understand Students' needs, motivate them, guide them like a true mentor, and help them at every step of the way that leads to success in JEE.

A

Best in class **ACADEMICS**

After a subject has been taught, which is done on a per week basis, we conduct a test called CCT which stands for Comprehensive Chapter Test. Students who perform the best in these, are further qualified for SMTs which is the Supreme Master Test. The top 20-25 students who perform well in the CCTs give SMTs, which are promised to be that of Supreme Master Level! We also offer tests on the pattern of JEE Main & JEE Advanced.

P

PROMISE of Integrity

We work dedicatedly towards delivering more than what we promise. Our student's success is our triumph. It is our ethical, dedicated, and fervent approach towards shaping a child's future that has helped us in gaining a luminary position in such a short span of time, along with ensuring a trustworthy relationship with students and parents alike.

OUR JOURNEY SO FAR..

2020

Alok Bhaiya & Shobhit Bhaiya started with a whole new online curriculum under their own Brand Name.

2016

Alok Bhaiya & Shobhit Bhaiya established 2 new centres in Kaushambi and RDC at Ghaziabad.

2014

Alok Bhaiya & Shobhit Bhaiya pioneered a one of its kind mentorship program

2012

Alok Bhaiya & Shobhit Bhaiya started several other programs like XIIth pass Program, Foundation Programs (IX-Xth), School Integrated Programs.

2011

Alok Bhaiya & Shobhit Bhaiya's first batch passed out with glorious results (AIR 37 & more than 35% selection in IIT-JEE)

2009

Alok Bhaiya & Shobhit Bhaiya established an institute in East Delhi

2006

Alok Bhaiya & Shobhit Bhaiya started teaching and mentoring students.

2005/2006

Alok Bhaiya & Shobhit Bhaiya cleared IIT-JEE with Shobhit Bhaiya securing AIR 15

OUR PEDAGOGY OF EDUCATION

UNRIVALED STUDY MATERIAL

Our study material is designed in a way that helps students easily understand the concepts & their application taught in the class thus shifting their focus from rote learning. A dedicated team of experts along with our experienced faculty sit together and take days of effort to help come up with top-notch study material that resonates with what Students want and what is really helpful to them.

Say no to Study materials that further confuse you rather than helping you out!

PERIODIC TESTING AND FEEDBACK

We conduct regular tests for our students which helps them not only understand their strengths and weaknesses but also helps them towards managing time and eliminating exam fear. Our All India level tests give Students an idea of their standing at the National level. In-depth and detailed feedback provided to Students after every test analyses their lacking and shortcomings and what they can do to overcome them.

Say No to Coaching Institutes which do not help in building confidence and the right exam temperament!

WHERE STUDENTS' FEEDBACK MATTERS

While most institutes use student ratings for improving the status of their institute, we at Swastik take our student's honest reviews and suggestions and if the majority of students are comfortable with it, we implement it. We noticed that some students introduced the idea of teaching one subject per week for classes XI-XIIth. Since XIth-XIIth students have to cover an enormous amount of syllabus, this suggestion was hands-on a useful one.

Say no to stress about completing all 3 subjects in a week.

OUR PEDAGOGY OF EDUCATION

WELL DEFINED SELF STUDY PROCESS

Another unique feature, which we incorporate right from the start of the student's journey is to make them habitual of doing the pre-class and post-class Work. Pre Class work is aimed to increase the mental aptitude & understanding of the student, Post Class work is designed meticulously so that the student remembers the concepts taught & is able to apply them in different kinds of problems.

Say no to getting confused on what is to be done after the class!

BEST IN CLASS INFRASTRUCTURE

Our Classrooms are well equipped with projectors used to project 3-d animation. We combine the traditional blackboard teaching and projectors in an optimal way to maximize the understanding of the subject. Smart class technology ensures the education reaches every student with a different level of understanding equally. Moreover, implementing this kind of classroom education enhances student-teacher interaction and collaboration.

Say hi to new technology and never get bored!

EXPERIENCED, EXEMPLARY, AND FULL OF EXPERTISE FACULTY

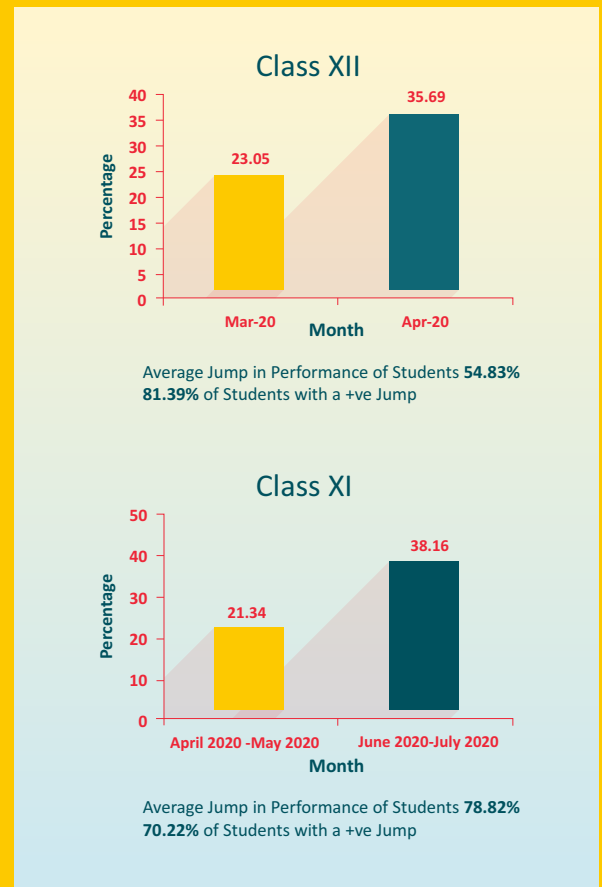

Faculty is undoubtedly one of the most important aspects in JEE preparation that plays a pivotal role in shaping Students' careers. Our teachers have a highly strong academic background, having secured top ranks in IIT, and have immense experience in shaping students' careers. For our faculty, students are family and they, therefore, understand Students' needs, motivate them, guide them like a true mentor, and help them in every step of the way that leads to success in JEE.

Say No to faculty for whom teaching is just a Job!

OUR NEW WAY OF LEARNING

- We have proved that online classes can not just yield results but improve them.
- We kept a report check on all our students and it came to our notice that our average report increased by 35% in the covid times.
- Ours is a one-of-kind live 2-way interactive online course with immediate doubt resolution.
- Students also have access to regular doubt resolution sessions on a one-to-one basis with a faculty.
- A proper attendance system is implemented. This increases persistence in students to regularly attend classes.
- We also keep a proper check on student's homework by creating a portal of our own where students need to submit their homework.
- Then students are rewarded marks on the basis of their homework.
- Students undertake tests on a state-of-the-art online testing platform which mimics the platform used for JEE.
- The test performance and homework collectively add on either to upgrade or downgrade their batch.
- So the desire to get shifted to the top batch motivates students to improve their results.

THE MENTORSHIP PROGRAM

IITIAN FACULTY ALLOTTED TO EACH STUDENT

- We understand that each student needs a different strategy & support for each one of us is unique.
- An approach to reduce the stress levels amongst students, which is so unique in itself.
- We ensure each of our students has a mentor to check up on them and help them in their time of need.
- Our faculty calls each student after a span of 15 days, so they can learn what the student is going through, or what are his/her remarks or suggestions.
- Whenever we are faced with an important decision, we naturally look for clues about which path to take.

- We put in all our efforts and resources to ensure the overall development of our students.
- Timely preparations, Adaptive Learning, in-depth analysis of a student's performance, the mentorship program has paved the way for our students' success over the years.
- We identify and work hard along with our students in their weaknesses as well as strong areas to fortify their preparations and make sure that they reach the glaring height of success they couldn't even have imagined by themselves.
- We keep a report check on all our students and it came to our notice that our average report actually increased by 35% in the covid times.
- This methodology helps students improve not just in one, but by various means.

START

(Swastik Talent Assessment & Reward Test)

START is an exam conducted by Swastik Classes followed by a personal Interview by an IITian Faculty. The Test serves as a Multidimensional Assessment tool for the students where they come to know about their Strengths, Weaknesses, Performance in Key Skill Parameters, Aptitude & Interest Mapping for choosing the right Career. A unique feature of this exam is the post Exam interview taken by the Expert Panel of Swastik Classes through which we rightfully assess the Aptitude as well as Interpersonal Skills of the student, Moreover Admission in Swastik Classes Courses is taken on the Basis of the performance of the students in START & as the name suggests Students get Rewarded for their good performance in the form of Cash Rewards, Gift Hampers & Scholarships in SWC Courses. This test also serves as a gateway to enter the batch taught by Alok Bhaiya & Shobhit Bhaiya.

SWASTIK ALL INDIA ONLINE TEST SERIES(AIOTS)

Swastik Classes is right at the top in designing & innovating the Tests & its methodology for the students. As a student even if you aren't enrolled in any of the Courses at SWC, you can opt to join the All India Online Test Series. This test series is open to each and every JEE aspirant who wants to excel and advance their skills. The exams are designed to not only assess the current knowledge of the students but also to enhance their knowledge so that appearing in the exam becomes as Joyful as learning. This exam helps the students to get one step closer to their dreams. The format for our test series is as follows.

ALL INDIA ONLINE TEST SERIES (AIOTS) for XIth & XIIth Class Students

- ★ Midterm Tests (MT)
 - ☆ Conducted at the end of Every Month.
 - ☆ Syllabus - Pre Decided 2 chapters per subject from PCM.
- ★ Endterm Tests (ET Main & ET Advanced)
 - ☆ Conducted at the end of every Trimester(3 months).
 - ☆ Syllabus - Complete PCM syllabus which is to be covered till that point.
 - ☆ ET Advanced is on the pattern of JEE Advanced (i.e. Two 3-Hrs Tests in a single day.)
- ★ Mock JEE Test Series
 - ☆ 10 Mock JEE Mains papers
 - Conducted in the last 4 months before the JEE Mains Exam.
 - ☆ 10 Mock JEE Advanced papers:
 - Conducted in the last 6 months before the JEE Advanced Exam

QUARK ASSESSMENT SERIES (QAS) for IX & X Class Students

- ★ Midterm Tests (MT)
 - ☆ Conducted at the end of Every Month.
 - ☆ Syllabus - Pre Decided 1 chapter per subject from PCMB.
- ★ Endterm Tests (ET-Conquer)
 - ☆ Conducted at the end of every Trimester(3 months).
 - ☆ Syllabus - Complete PCMB syllabus which is to be covered till that point.
- ★ All India Mock NTSE Test Series
 - ☆ 4 NTSE Part Tests - (Section Wise)
 - ☆ 4 Mock NTSE Tests which are the exact replica of the actual NTSE Exam.

Our Enrolled Students get all the above tests & Additional Weekly tests which assess the learnings in the week. These tests are designed to keep you motivated throughout the Journey of preparation.

COURSES OFFERED

PRODIGY

2 Year Founder's Course for IIT-JEE
and CBSE Boards

Exclusively taught by Founders
Alok Bhaiya & Shobhit Bhaiya

ABOUT

This is a 2 Year Intensive Classroom Course for students entering class XIth & will be appearing in the Engineering Entrance Exams in India. The Course is taught exclusively by Alok Bhaiya & Shobhit Bhaiya who are considered to be the Top Educators in the Country with both being an IIT Delhi Alumnus & having an experience of over 15 years in teaching & Mentoring students. This is a comprehensive classroom program covering the fundamental Concepts as well as advanced techniques required to crack Board exams as well as Engineering Entrance Exams. Further details of the course are as follows:

- ★ Unique curriculum and Expert pedagogy developed & refined by our Founders Alok Bhaiya & Shobhit Bhaiya over **15 years**.
- ★ Complete coverage of Chemistry, Mathematics & Physics syllabi for **both IIT-JEE as well as Board Exams**
- ★ **More than 1100** hours of classroom content in the course, with **12 hours** of classes every week
- ★ Comprehensive Assessment and Testing with expertly designed weekly and monthly tests, based on patterns of **JEE Main & JEE Advanced**
- ★ Best in class Study Material comprising of 90 Modules with 30 modules each for Physics, Chemistry & Mathematics
 - ☆ Each Module is designed to elevate the skills of each student from the very basic level to the most advanced Level.
- ★ **One-to-one** doubt resolution sessions and personalized performance analysis.
- ★ We provide a personalized **Mentorship Program** for every student who enrolls in this course.
- ★ School Integrated Program can also be joined along with this Course with additional features like
 - ☆ Synchronized Syllabus, Class & Exam Scheduling with our partner School in order to reduce the conflict with the School.
- ★ Admissions- Strictly on the basis of **START(Swastik Talent Assessment & Reward Test)**.*
- ★ For Fee & other details contact our Counsellors at the numbers provided in the Brochure.

**for more information, refer page 16*

WIZARD

1 Year Founder's Course
for IITJEE & CBSE Boards

Exclusively taught by Founders
Alok Bhaiya & Shobhit Bhaiya

ABOUT

This is a 1 Year Intensive Classroom Course for students entering class XIIth & will be appearing in the XIIth Class Board Exams as well as Engineering Entrance Exams. The Course is taught exclusively by Alok Bhaiya & Shobhit Bhaiya who are considered to be the Top Educators in the Country with both being an IIT Delhi Alumnus & having an experience of over 15 years in teaching & Mentoring students. This is a comprehensive classroom program covering the fundamental Concepts as well as advanced techniques of Class XII syllabus required to crack Board exams as well as Engineering Entrance Exams. Further details of the course are as follows:

- ★ Unique curriculum and Expert pedagogy developed & refined by our Founders Alok Bhaiya & Shobhit Bhaiya over **15 years.**
- ★ Complete coverage of class XIIth syllabus of Chemistry, Mathematics & Physics for **both IIT-JEE as well as Board Exams**
- ★ **More than 600 hours** of classroom content in the course, with 12 hours of classes every week
- ★ Comprehensive Assessment and Testing with expertly designed weekly and monthly tests, based on patterns of **JEE Main & JEE Advanced**
- ★ Best in class Study Material comprising of 45 Modules with 15 modules each for Physics, Chemistry & Mathematics
 - ☆ Each Module is designed to elevate the skills of each student from the very basic level to the most advanced Level.
- ★ **One-to-one** doubt resolution sessions and personalized performance analysis.
- ★ We provide a personalized **Mentorship Program** for every student who enrolls in this course where an IITian Faculty is allocated as the mentor to each student..
- ★ Admissions - Strictly on the basis of **START (Swastik Talent Assessment & Reward Test).***
- ★ For Fee & other details contact our Counsellors at the numbers provided in the Brochure.

QUARK

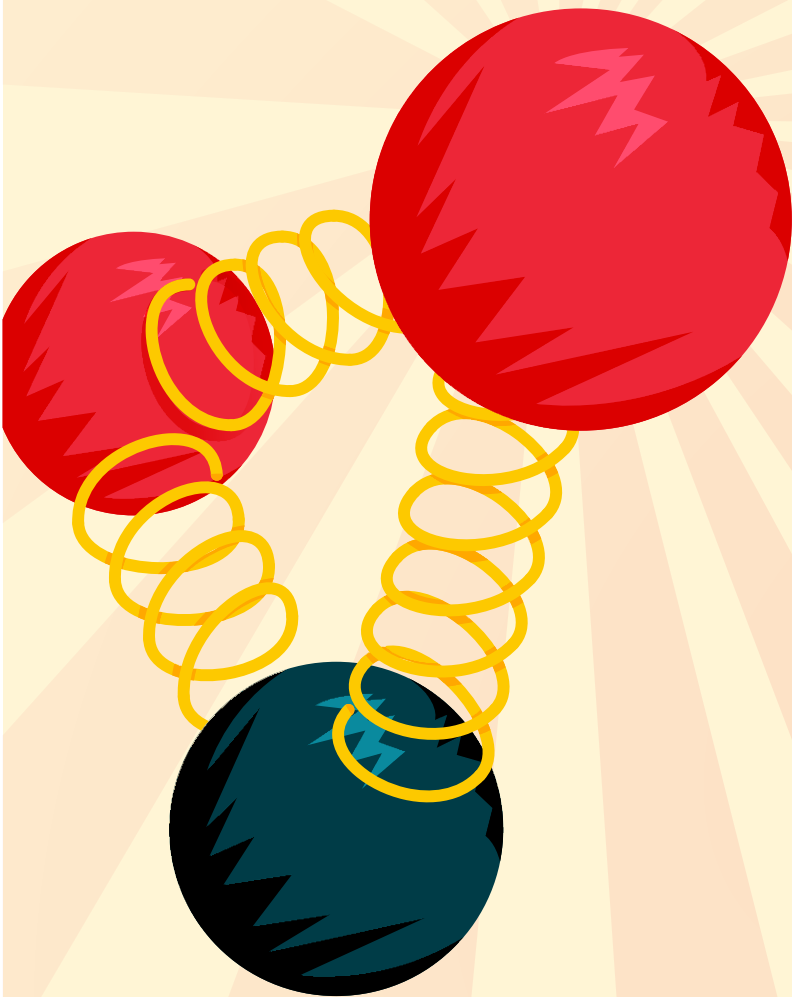

1 / 2 Year Foundation Program

Taught Exclusively by **Senior IITian faculties** at Swastik

ABOUT

This is a 1/2 Year Intensive Classroom Course for students entering class IXth and Xth with an aim to excel in the School Exams & Other National Level Olympiads like NTSE etc. The Course is taught exclusively by Senior IITian faculties at Swastik who are from IITs. This course is for students who are looking to enhance their knowledge & conceptual understanding in a distinctive yet easy to grab on manner. For us, each student is unique, and we believe that with a right push each one of them can achieve his/her dreams. Below are further details for this course:

- ★ The Course is especially designed by our Founders **Alok Bhaiya & Shobhit Bhaiya** both of whom are IIT Delhi Alumnus & have an experience of over 15 years in teaching & mentoring students.
- ★ All Classes of the courses are taken by Senior IITian faculties, under the direct guidance of Founders **Alok Bhaiya & Shobhit Bhaiya**. *Please note that at SWC our Senior Faculties who teach XI-XIIth as well take Foundation Classes*
- ★ Expert curriculum and pedagogy to give an extra edge to the students studying in this Course
- ★ Extensive coverage of **math & science**, with special emphasis on preparation for **NTSE & National Olympiads**
- ★ **350+ hours of classroom Teaching** per year, with 8 hours of classes every week
- ★ **Comprehensive Assessment and Testing** with expertly designed weekly and monthly tests
- ★ Comprehensive Study Material
- ★ One-to-one doubt resolution sessions and personalized performance analysis
- ★ We provide a personalized **Mentorship Program** for every student who enrolls in this course. Where an IITian Faculty is allocated as the mentor to each student.
- ★ Admissions-Strictly on the basis of **START (Swastik Talent Assessment & Reward Test)**. *
- ★ For Fee & other details contact our Counsellors at the numbers provided in the Brochure.
